

How to play

Mommy & Baby · 1–4 children · ages 2+

print at 100%

Getting ready

Cut out the cards – thick paper or glued onto card works best. Green frame = mommy, orange frame = baby, so even the youngest quickly see which cards belong together.

Game 1: Who belongs to whom? (ages 2+)

Lay all mommy cards face up. The child takes a baby card and puts it next to its mommy. Say the names and sounds together: “This is the piglet – its mommy says oink!”

Game 2: Find the pairs (ages 4+)

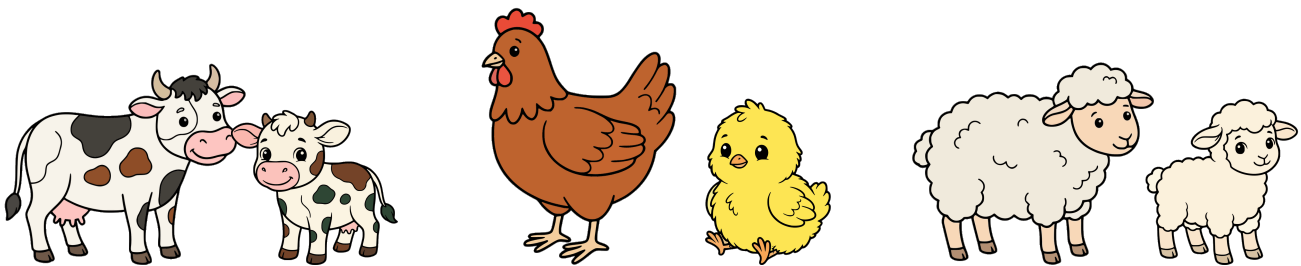

Shuffle all cards and lay them face down. Take turns flipping two cards. If they are mommy and baby of the same family, keep the pair and go again. Otherwise turn them back. Whoever has the most pairs at the end wins. Easier: start with 6 pairs.

Game 3: Guess the sound

One player draws a mommy card and makes its sound (Moo! Baa! Quack!). Whoever finds the matching baby first wins the pair.

Good to know

A baby horse is a foal, a baby goose is a gosling and a baby goat is called a kid. Calves, lambs and foals can walk soon after they are born!
