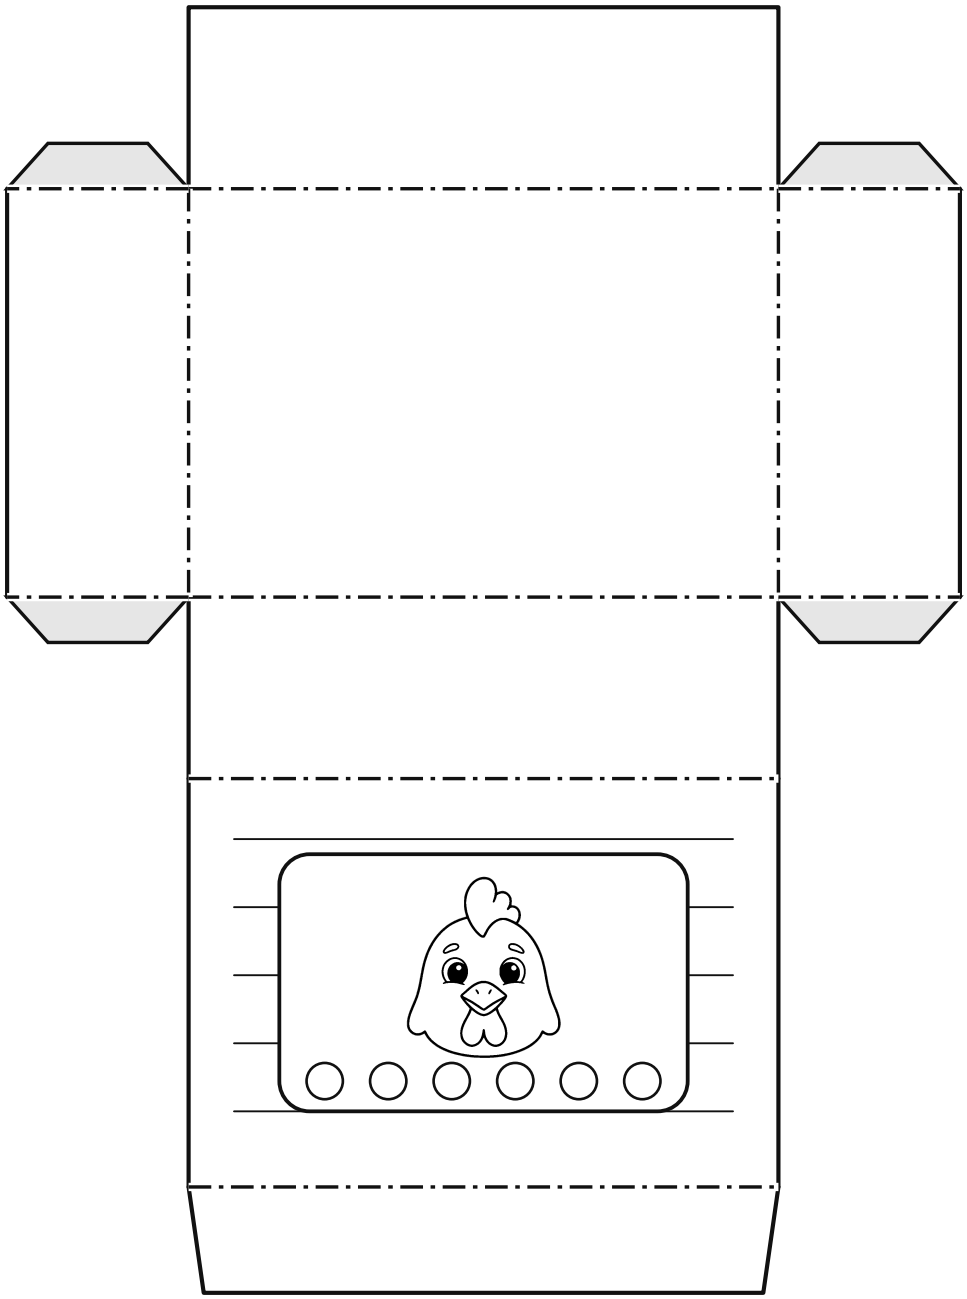
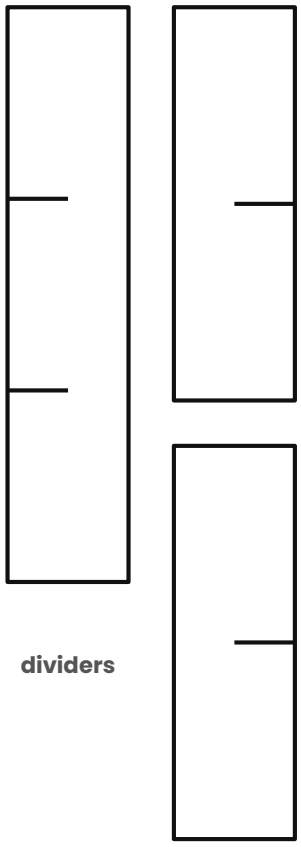
Paper Egg Box with Chicks

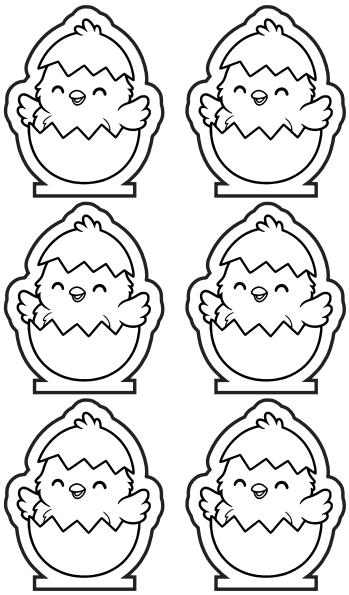
6 compartments · closing lid · to color

approx. 8 × 5.5 × 2.5 cm





dividers



cut — · — · mountain fold: fold back — — — valley fold: fold towards you glue

1. Cut out the box, dividers and chick eggs, including the short slits in the dividers. Pre-crease the fold lines.
2. Fold the walls up and back and glue the grey tabs inside. Slot the dividers together and stand them in the box.
3. Put the 6 chick eggs into the compartments, close the lid and tuck in the front flap.
