8 dinos and monsters for the party

Free from puresketchy.com - for personal, preschool and classroom use

Craft Instructions

In this set: 8 masks. Tip: print at actual size (100 %) on cardstock.

Face Masks

What You Need: Printer + heavier paper or cardstock (65–110 lb); Colored pencils, markers or watercolor

1. Print: Print the template at actual size (100 %, not “fit to page”) on thick paper.
2. Color: Color the mask any way you like – the big shapes are perfect for little hands.
3. Cut Out: Cut along the thick outer line.
4. Eye Holes: An adult cuts out the eye holes with a craft knife or pointed scissors.
5. Add Elastic: Punch holes at the two small circles, thread the elastic through and knot it – done!

Eye Masks

What You Need: Printer + heavier paper or cardstock (65–110 lb); Colored pencils, markers or glitter pen

1. Print: Print the template at actual size (100 %) on thick paper.
2. Color: Color the eye mask – glitter pens look great here.
3. Cut Out: Cut along the thick outer line.
4. Eye Holes: An adult cuts out the eye holes.
5. Add Elastic: Punch the small circles on both sides, thread the elastic and tie a knot.

Dino party ideas

- Fossil dig: Hide salt-dough 'bones' in the sandbox or garden and dig them up.
- Dino eggs: Paint blown-out eggs or hunt for chocolate eggs in the yard.
- Volcano experiment: Baking soda and vinegar make a little volcano erupt.
- Dino rally: Finish all the stations and earn a dino stamp on your hand.

Safety: eye holes, craft knives and hot glue are grown-up jobs. Don't run or play rough while wearing a mask that limits your view – and never put elastic around the neck.
