8 props for the birthday photo corner

Free from puresketchy.com – for personal, preschool and classroom use

Craft Instructions

In this set: 8 masks. Tip: print at actual size (100 %) on cardstock.

Photo Booth Props

What You Need: Printer + heavier paper or cardstock (65–110 lb); Colored pencils or markers; Scissors

1. Print: Print the template on thick paper or cardstock.
2. Color: Color the prop boldly – strong colors pop best in photos.
3. Cut Out: Cut along the outer line; you can keep the drawn stick or cut it off.
4. Attach a Stick: Tape a wooden dowel or paper straw to the back (blunt end up).
5. Strike a Pose: Hold the prop up to your face and head to the photo booth!

Crowns & Headbands

What You Need: Printer + heavier paper or cardstock (65–110 lb); Colored pencils, markers or glitter pen

1. Print: Print the template at actual size on thick paper.
2. Color: Color the crown or headband and decorate it however you like.
3. Cut Out: Cut along the outer line and keep the tabs on both sides.
4. Adjust: Measure around the head; if the band is too short, glue a paper strip between the tabs.
5. Glue Together: Overlap the tabs and glue or staple them – put it on and shine!

Birthday photo corner ideas

- Set up the corner: A bedsheet, a garland and a few balloons make the backdrop.
- Thought bubble wishes: Each guest writes a wish for the birthday child in the thought bubble.
- Photo keepsake: Print the best pictures and give them as a memory album.
- Crown moment: The birthday child wears the crown and holds the cake for a photo.

Safety: eye holes, craft knives and hot glue are grown-up jobs. Don't run or play rough while wearing a mask that limits your view – and never put elastic around the neck.
