8 props for a movie-star party

Free from puresketchy.com – for personal, preschool and classroom use

Craft Instructions

In this set: 8 masks. Tip: print at actual size (100 %) on cardstock.

Photo Booth Props

What You Need: Printer + heavier paper or cardstock (65–110 lb); Colored pencils or markers; Scissors

1. Print: Print the template on thick paper or cardstock.
2. Color: Color the prop boldly – strong colors pop best in photos.
3. Cut Out: Cut along the outer line; you can keep the drawn stick or cut it off.
4. Attach a Stick: Tape a wooden dowel or paper straw to the back (blunt end up).
5. Strike a Pose: Hold the prop up to your face and head to the photo booth!

Movie party ideas

- Red carpet: Red fabric or paper strips make the carpet, and guests walk it like stars.
- Shoot a mini movie: Film a short clip with a phone, starting with the clapperboard.
- Popcorn theater: Popcorn in paper bags and a family movie in a darkened room.
- Hand out awards: Little paper trophies for 'best actor' or 'funniest entrance'.

Safety: eye holes, craft knives and hot glue are grown-up jobs. Don't run or play rough while wearing a mask that limits your view – and never put elastic around the neck.
