8 elegant masks to decorate

Free from puresketchy.com – for personal, preschool and classroom use

Craft Instructions

In this set: 8 masks. Tip: print at actual size (100 %) on cardstock.

Eye Masks

What You Need: Printer + heavier paper or cardstock (65–110 lb); Colored pencils, markers or glitter pens.

1. Print: Print the template at actual size (100 %) on thick paper.
2. Color: Color the eye mask – glitter pens look great here.
3. Cut Out: Cut along the thick outer line.
4. Eye Holes: An adult cuts out the eye holes.
5. Add Elastic: Punch the small circles on both sides, thread the elastic and tie a knot.

Face Masks

What You Need: Printer + heavier paper or cardstock (65–110 lb); Colored pencils, markers or watercolor paints.

1. Print: Print the template at actual size (100 %, not “fit to page”) on thick paper.
2. Color: Color the mask any way you like – the big shapes are perfect for little hands.
3. Cut Out: Cut along the thick outer line.
4. Eye Holes: An adult cuts out the eye holes with a craft knife or pointed scissors.
5. Add Elastic: Punch holes at the two small circles, thread the elastic through and knot it – done!

Masquerade ball ideas

- Dancing in masks: Guests waltz in masks and guess who is hiding behind each one.
- Decoration table: Glitter, sequins, feathers and gold pens are ready, so every mask becomes one of a kind.
- Festive table: Candles, gold napkins and dark tablecloths set the ballroom mood.
- Masquerade portraits: A curtain backdrop makes for elegant masked portraits.

Safety: eye holes, craft knives and hot glue are grown-up jobs. Don't run or play rough while wearing a mask that limits your view – and never put elastic around the neck.
