10 props for New Year's photos

Free from puresketchy.com – for personal, preschool and classroom use

Craft Instructions

In this set: 10 masks. Tip: print at actual size (100 %) on cardstock.

Photo Booth Props

What You Need: Printer + heavier paper or cardstock (65–110 lb); Colored pencils or markers; Scissors

1. Print: Print the template on thick paper or cardstock.
2. Color: Color the prop boldly – strong colors pop best in photos.
3. Cut Out: Cut along the outer line; you can keep the drawn stick or cut it off.
4. Attach a Stick: Tape a wooden dowel or paper straw to the back (blunt end up).
5. Strike a Pose: Hold the prop up to your face and head to the photo booth!

New Year's Eve ideas

- Countdown photo: Just before midnight, snap everyone holding the clock prop.
- Hand out lucky charms: Everyone picks a lucky pig or clover and shares a wish for the new year.
- Speech bubble resolutions: Guests write their resolution on the blank speech bubble.
- Alcohol-free bar: Punch, grape juice and sparkling water in pretty glasses for all ages.

Safety: eye holes, craft knives and hot glue are grown-up jobs. Don't run or play rough while wearing a mask that limits your view – and never put elastic around the neck.
