Craft Instructions

In this set: 5 masks. Tip: print at actual size (100 %) on cardstock.

Eye Masks

What You Need: Printer + heavier paper or cardstock (65–110 lb); Colored pencils, markers or glitter pens

1. Print: Print the template at actual size (100 %) on thick paper.
2. Color: Color the eye mask – glitter pens look great here.
3. Cut Out: Cut along the thick outer line.
4. Eye Holes: An adult cuts out the eye holes.
5. Add Elastic: Punch the small circles on both sides, thread the elastic and tie a knot.

Blank Templates

What You Need: Printer + heavier paper or cardstock (65–110 lb); Pens, paint, glitter, feathers, yarn or string

1. Print: Print the blank template on thick paper.
2. Design: Draw your own animal, hero or pattern on the empty mask.
3. Decorate: Add paint, glitter, feathers or fabric scraps.
4. Cut Out: Cut along the outer line; an adult cuts out the eye holes.
5. Attach: Thread elastic through the circles or glue on a wooden stick.

Superhero party ideas

- Invent a hero name: Every child creates a name and a superpower, then introduces themselves.
- Hero obstacle course: Tunnel, balance beam and jump: finish every station and earn a certificate.
- Make emblems: Shields painted on cardboard with a personal symbol match the mask.
- Power snacks: Fruit skewers and 'energy water' turn the snack table into a power station.

Safety: eye holes, craft knives and hot glue are grown-up jobs. Don't run or play rough while wearing a mask that limits your view – and never put elastic around the neck.
