8 masks for little ocean dwellers

Free from puresketchy.com – for personal, preschool and classroom use

Craft Instructions

In this set: 8 masks. Tip: print at actual size (100 %) on cardstock.

Face Masks

What You Need: Printer + heavier paper or cardstock (65–110 lb); Colored pencils, markers or watercolor.

1. Print: Print the template at actual size (100 %, not “fit to page”) on thick paper.
2. Color: Color the mask any way you like – the big shapes are perfect for little hands.
3. Cut Out: Cut along the thick outer line.
4. Eye Holes: An adult cuts out the eye holes with a craft knife or pointed scissors.
5. Add Elastic: Punch holes at the two small circles, thread the elastic through and knot it – done!

Ocean party ideas

- Wave decor: Blue crepe paper streamers and paper fish turn the room into an aquarium.
- Fishing game: Catch paper fish with paper clips using a magnet rod from the 'sea'.
- Seashell hunt: Hide shells in the sandbox or garden.
- Bubble show: Blow bubbles outside, just like the ones under the sea.

Safety: eye holes, craft knives and hot glue are grown-up jobs. Don't run or play rough while wearing a mask that limits your view – and never put elastic around the neck.
