Decorations to cut out and stick on

1. Cut out the wrap, wrap it around an empty toilet roll and glue it.
2. Tie a knot in a balloon and cut off the top third.
3. Pull the balloon over one end of the roll, knot facing out, and secure it with tape.
4. Fill confetti (from a hole punch) into the top, pull the knot, let go – and POOF!
5. Only aim at people who play along, and never at faces.
