When I grow up I want to …

I am really good at:

I am a little afraid of:

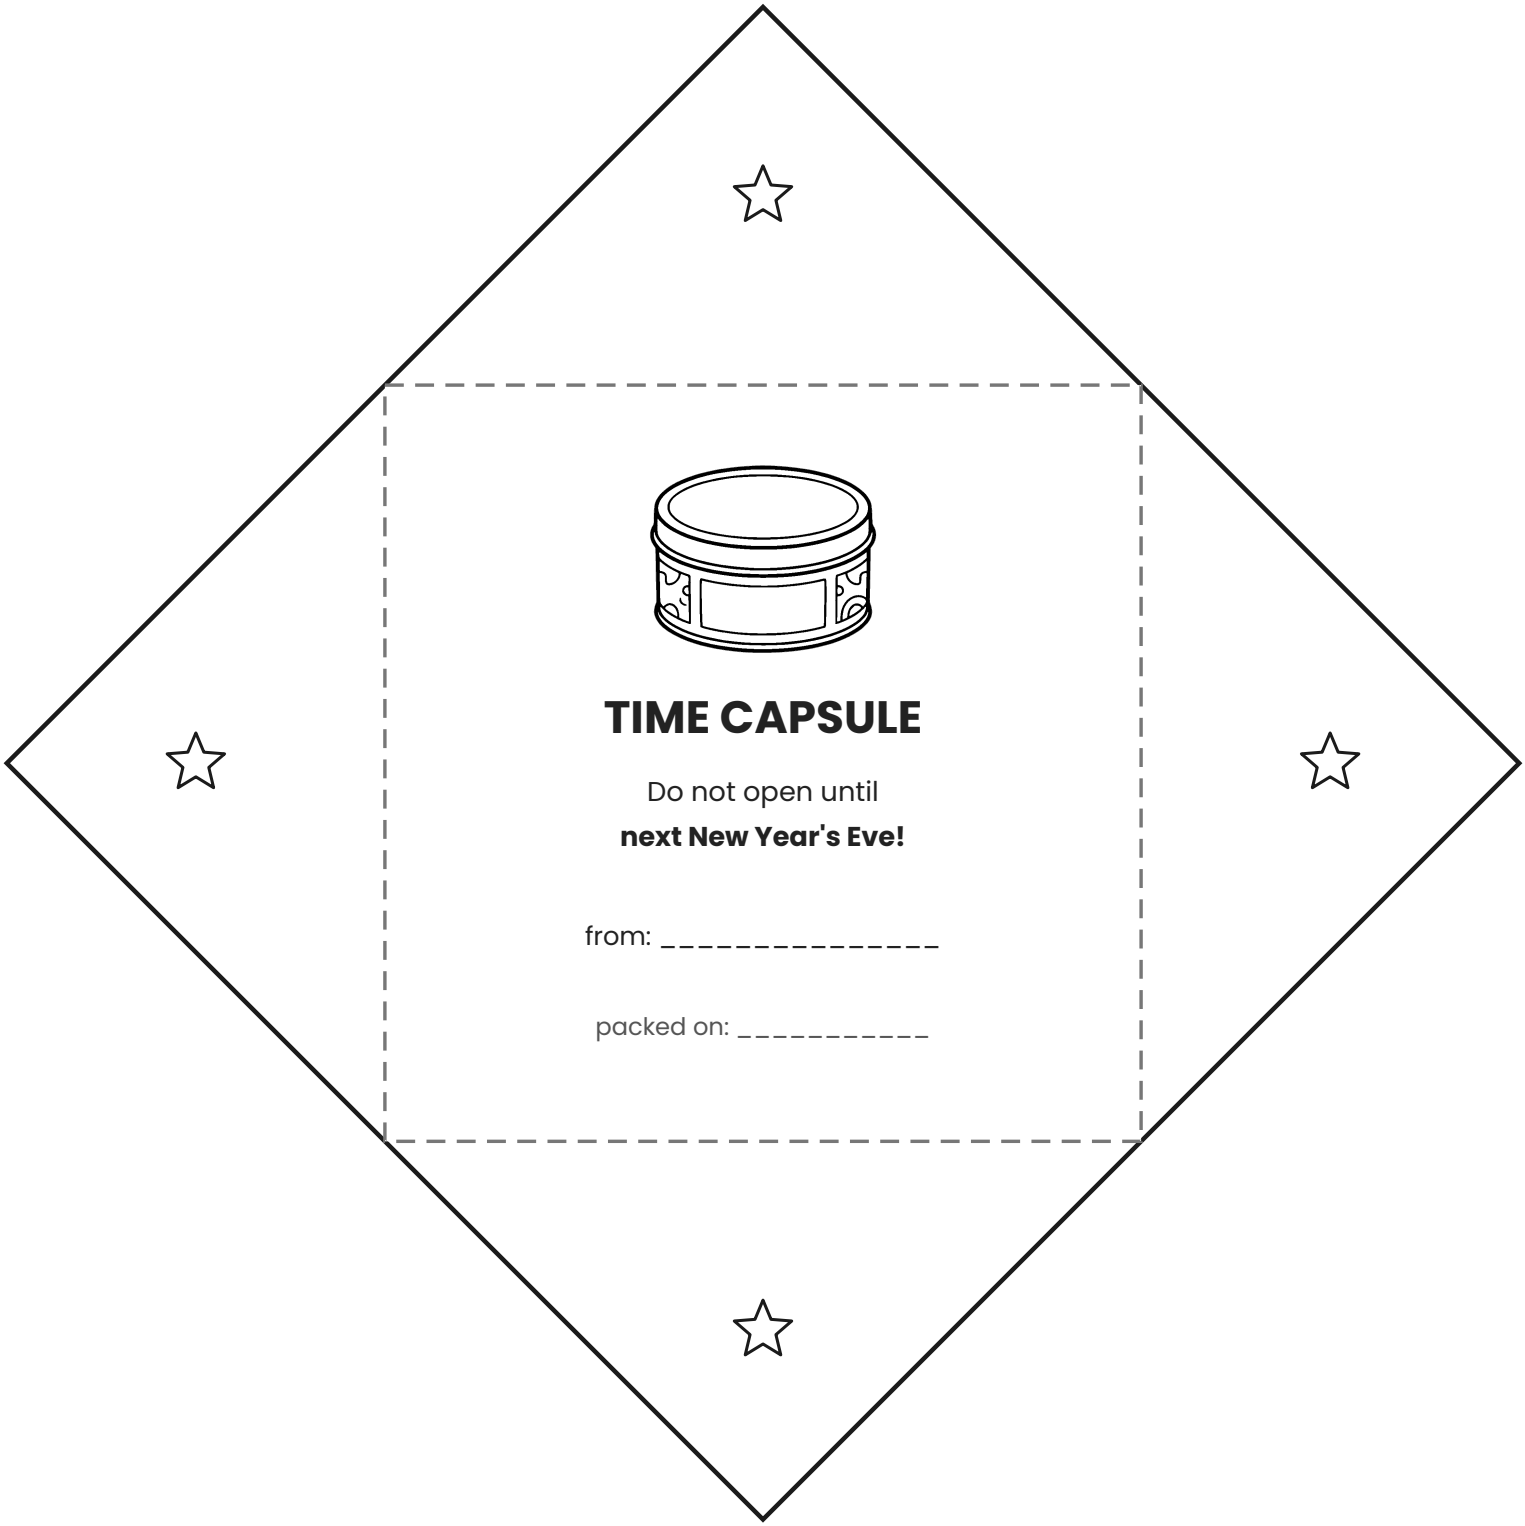

Next year I will surely be …

A question for my future self:

Time Capsule Envelope to Fold

Cut out, fold on the lines, seal · to color

print at 100%

1. Cut out the diamond and turn it over. Fold the questionnaire to about 3.5 × 3.5 in and place it on the back of the middle square.
2. Fold the four corners backwards over the questionnaire along the dashed lines – the colorful sides face out. Seal the last corner.
3. The “Time Capsule” label is now on the outside. Hide the envelope well, for example in a tin, and only open it next New Year’s Eve.
